

Learning Lab Curriculum Map

Updated
9/11/19

All programs are 1 hour in length and will include the following: brief topic and vocabulary introduction, 4-5 hands-on learning stations, and an animal meet and greet. A touch opportunity will be possible provided group behavior.

The number of participants is limited to 30/program in the interest of a high quality learning environment.

(TN)= Tennessee Standard; (N)= National Standard
